

Customer Spotlight—VanEtten Paving, Inc.

## First Class Service

*“If I had a choice between two equal products, I would chose the one from Hoffman without a doubt.”*

**LeeBoy**

### Superior Equipment

“We get all of our pavers from Hoffman. Right now, we have a LeeBoy 8515B and a 7000 paver. We also bought a LeeBoy 635 Grader, a Maximizer 3 Distributor truck, and a bunch of our rollers from them. Most of my asphalt equipment has been purchased through Hoffman. For the midsize commercial line of pavers, I believe LeeBoy has the best product on the market. I’ve been at VanEtten Paving since ’88, and we’ve always had LeeBoy pavers. This is probably our 20th LeeBoy, I just really think they’re a good product.”

### Excellent Service

“We’ve been with Hoffman since they started in our area. So since day one, it’s been a natural fit to try out Hoffman, and we’ve been very happy. When I’ve had concerns, they are willing to address them, which is very important to me. Even when they can’t necessarily fix something or come up with an answer they always get right back to me. I like their sales staff a lot, I have faith in their mechanics, and the parts are ordered on time.

“I’ve been working with Dave Koch, and what I told Dave from the beginning when I started working with him is I like to be told how it is and don’t want someone yanking my chain. And he has completely followed through on that. He is a real straight shooter, and I greatly appreciate that.

“I bought one of our rollers from them, because I believe in being loyal to those who are loyal to me. That was the brand they had, and I needed it, so I said give it to me, because I trust Hoffman and know they will get me the parts and service support I need.”

– **Matthew Brodmerkel**  
Vice President, VanEtten Paving, Inc.

### About VanEtten Paving, Inc.

With over 65 years of experience in the paving and asphalt maintenance services industry, VanEtten Paving has grown in both size and sophistication. VanEtten Paving provides comprehensive services to commercial and residential customers throughout the New York area. Vice President Matthew Brodmerkel purchased the company in 2004 with his wife Doreen, the current President. Since then, they have expanded the company’s offerings to be a one-stop shop in order to improve service for their customers.
